Mission/Project financially supports MBA of Texas -- Yes

Specific plans for next year --

I plan to continue to preach the Word here in Rockdale. Growth has been slow, but our core group is faithful. Our area is currently experiencing growth, and people are moving in to town from Austin and other areas due to the companies moving to the outskirts of town. There is a new 600 family subdivision being built 10 miles away from the church, and they just released plans for another massive development within 20 minutes from us. We are praying that as people continue to move to the area that we can reach them with the Gospel.

Working agreement between church and mission --

The church is the project.

Other comments --

Plans for Professional development/continuing education --

I currently don't have any specific plans but I am open to hearing about opportunities. Working full time on top of study, prayer, meeting needs of our congregation, and sermon preparation

don't leave me much extra time.

Specific plans for next year --

We have blessed (at the time of this writing) to say that we have seen 7 souls come to know Christ as their Savior in the past year! Our goal is to see at least 20 come to know Christ within the coming year. To accomplish this, we intend to increase our outreach both in El Paso and Juarez. We also are planning to purchase a vehicle to be used specifically for the work here in the Borderland. This will help us to provide transportation to services both here and in Juarez,

as well as in our outreach to our communities here in the Borderland.

Working agreement between church and mission --

Northside BC will continue to support him and the work there through both financial and prayer support. It is our responsibility as a church to promote the work to other churches to see that it is financially capable of continuing to share the Gospel in El Paso. We will continue to do so as long as the work continues to serve God in a scriptural manner in accordance with our standing doctrinal statement or they are financially capable of providing for their needs and organize. Our goal is to be able to establish a strong church in El Paso that is able to reach both sides of the border to see souls come to know Christ as their Savior.
