Specific plans for next year --

I plan to continue to preach the Word here in Rockdale. Growth has been slow, but our core group is faithful. Our area is currently experiencing growth, and people are moving in to town from Austin and other areas due to the companies moving to the outskirts of town. There is a new 600 family subdivision being built 10 miles away from the church, and they just released plans for another massive development within 20 minutes from us. We are praying that as people continue to move to the area that we can reach them with the Gospel.

Working agreement between church and mission --

The church is the project.

Other comments --

Plans for Professional development/continuing education --

I currently don't have any specific plans but I am open to hearing about opportunities. Working full time on top of study, prayer, meeting needs of our congregation, and sermon preparation

don't leave me much extra time.
